## Hardware Restoration

We offer a complete service in bringing your old hardware back to life. Before you toss out your old hardware, bring in a sample and we will be happy to show you what we can do with it. You will be surprised at what can lie beneath the old rusted and painted facade!

Repairs are usually possible, but because of the uniqueness and individuality of some of the parts, we can only try. Sometimes there is nothing left to be done but to replace the item, and chances are we have one just like it, or very close! Just ask.

### TIP

Missing a knob or an escutcheon? Bring it in or email us a picture and we'll see what we can find for you.
